

Awake
Written by Victoria Bowlin

Verse 1:

The hour has come to awake from your sleep
Salvation's closer now than when we first believed
There is Resurrection Power
There is healing in His wings
He is calling out to you
For the dry bones now to sing

Chorus:

All the dead bones come to life
Awake, Awake
The glory of the Lord has risen upon you
Awake
The breath of life and living water
Is flowing through your veins
May the hope of Jesus Christ our Savior
Awake, awake

Verse 2:

The time is here to proclaim victory
The faith to believe is inside of you and me
There's a passion in our hearts
We're burning with desire
And it's rising up inside
Like an all consuming fire

Repeat Chorus

Bridge:

Awake oh you sleeper
Arise from the dead
Awake yourself, awake yourself
There is hope in the Lord
There is strength in the Lord
Arise, Arise
(Repeat)

Repeat Chorus
