

By My Side
written by Victoria Bowlin

Verse 1:

When I need a little mercy to carry me through (God is by my side)
Well when I need a friend and comfort 'cause I don't know what to do (God is by my side)
He's with me in the morning, He's with me in the night
He's always there to hold me in my time of fright
So anytime I call on Jesus' name I know He'll be right by my side

Chorus:

Oh yes my God (My God is by my side)
He's right there (He's right there to pick me up)
When I walk the road of life and go astray
That's when He reminds me He won't go away
He's there (He's there to hold me when I am weak)
Oh He reaches down His hand and gets me back on my feet
So when I'm feeling hopeless and out of reach, I know my God's still by my side

Verse 2:

When I'm going through a struggle, and I've been there quite a while (God is by my side)
When life gets so hard I can't go another mile (God is by my side)
He's with me in my hard times, whenever I'm in need
He's always there to catch me when I fall down on my knees
So when I get discouraged and need some peace, I know my God's still by my side

Bridge:

(adlibs) He's by my side, (adlibs) He's by my side, (adlibs) He's by my side, , (adlibs) He's by my side, (adlibs) He's by my side, (adlibs) He's by my side, (adlibs) He's by my side
