

By The Touch Of Your Hand  
written by Victoria Bowlin

Verse 1:

You brought a dead man back to life after being dead four days  
You healed a woman from disease that through life had been that way  
You did so many miracles time and time again  
And by hanging on a rugged cross, You took away my sins

Chorus:

By the touch of Your hand, You made the waters  
By the touch of Your hand, You made the blind to see  
By the touch of Your hand, You made the lame to walk again  
By the touch of Your hand, You did a miracle in me  
And I'll praise Your name forever for the wonders you have done  
Yes you did it all by the touch of Your hand

Verse 2:

You still do miracles today like You did back then  
You've mended broken hearts and lives, and gave a peace within  
You supply the money that we need when bills are overdue  
All of these things and more are all done by You

Chorus:

By the touch of Your hand, You made the waters  
By the touch of Your hand, You made the blind to see  
By the touch of Your hand, You made the lame to walk again  
By the touch of Your hand, You did a miracle in me  
And I'll praise Your name forever for the wonders you have done  
Yes you did it all by the touch of Your hand

Chorus:

By the touch of Your hand, You made the waters  
By the touch of Your hand, You made the blind to see  
By the touch of Your hand, You made the lame to walk again  
By the touch of Your hand, You did a miracle in me  
And I'll praise Your name forever for the wonders you have done  
Yes you did it all by the touch of Your hand
