

Claim Your Healing
written by Victoria Bowlin

Verse 1:

The hurt is just too much and you've had enough
Things you can't explain have you in so much pain
But my God's word is true, just wait and see what He'll do
Those who ask will receive, just reach out and believe

Chorus:

Claim your healing, and let the Lord work it out
Claim your healing, and have no more doubt
When it seems like the pain will never go away
Claim your healing, and walk away healed today

Verse 2:

The doctor shakes his head, your heart is filled with dread
You feel you can't go on, you feel all alone
But remember in God's Word, what you have heard
God's mercy is revealed, by His stripes you are healed

Chorus:

Claim your healing, and let the Lord work it out
Claim your healing, and have no more doubt
When it seems like the pain will never go away
Claim your healing, and walk away healed today

Bridge:

The devil will come and try to make you change your mind
But you must hold fast, God will move in on time

Chorus:

Claim your healing, and let the Lord work it out
Claim your healing, and have no more doubt
When it seems like the pain will never go away
Claim your healing, and walk away healed today
