

Dead Man Walking

Verse 1:

Some thought He was a gardener
In Jerusalem that day
Others hallucinations
When they looked upon His face
They had watched Him die
So they knew this could not be
Then again He said He'd rise
So was this more than just a dream

Chorus 1:

(He was a)
Dead man walking
Suffered the cross of Calvary
Dead man walking
More to the story than you can see
Dead man walking
Out of the grave and on the streets
People in the town could not believe
(They saw a) Dead man walking

Verse 2:

Chasing worldly pleasures
Looking for a sense of gain
Thought I had it altogether
But inside I felt such pain
Then I heard about a man
Who could wipe away my shame
He said He'd wrap me in His grace
And take away the blame

Chorus 2:

(I was a)
Dead man walking
Living in sin and such defeat
Dead man walking
Searching for something to believe
Dead man walking
Needing hope and Liberty
Without Him I was lost as I could be
(I was a) Dead man walking

Bridge:

I had reached the bottom of the bottom
Problems all around but none could solve them
Then I was presented with
A truth that I could not resist
A pardon from my sin
Now I've been born again

Chorus 3:

(Now I'm no longer a)
Dead man walking
I'm not the same I used to be
Dead man walking
I was blind but now I see
Dead man walking
Now I'm walking in victory
I'm free because His Spirit lives in me
(So I'm no longer a) Dead man walking
