

He Did It For You  
written by Victoria Bowlin

Verse 1:

Every time I look around, I wonder what life's about  
Then I remember that old rugged cross  
How God washed my sins away, He gave me new life that day  
I'll never forget what my Lord had to pay

Chorus:

He didn't have to hang on that cross and die for my sins  
He could've called ten thousand angels to rescue Him  
But He chose to pay the final price, that's what He knew He had to do  
He didn't have to die, but He did it for you

Verse 2:

My mind just goes back to Calvary, when Jesus hung on that tree  
I'll never understand why He did that for me  
When they put Him in the tomb, the devil thought he had the key  
But three days later, He rose in victory

Chorus:

He didn't have to hang on that cross and die for my sins  
He could've called ten thousand angels to rescue Him  
But He chose to pay the final price, that's what He knew He had to do  
He didn't have to die, but He did it for you
