

My Load Has Been Lifted  
written by Victoria Bowlin

Verse 1:

Bound by the burdens and stress of this life  
It's hard to break through all the heartache and strife  
But we must pray and believe what God said  
He'd lift all our troubles and cast them away

Chorus:

My load has been lifted and carried away  
My load has been lifted and covered by His grace  
Now I am free, free, free, my sins are erased  
My load has been lifted and carried away

Verse 2:

If living your life seems more like a chore  
And you find yourself searching for something more  
Friend I know the answer, and His name is Jesus Christ  
He'll lift all your cares, and bring you new life

Chorus:

My load has been lifted and carried away  
My load has been lifted and covered by His grace  
Now I am free, free, free, my sins are erased  
My load has been lifted and carried away
