

Take My Hand
written by Victoria Bowlin

Verse 1:

When I was lost, You found me
You broke the chains and set me free
When the way seemed dark, and the light just seemed to fade
Lord You kept me in Your arms until I saw a brighter day
You came into my life, gave me a new song
And now I can surely say

Chorus:

You are there in my hard times, whenever I'm in need
Promised new life for the broken, life more abundantly
When I cannot find my way, and I don't understand
That's when you come and take my hand

Verse 2:

When Satan comes and tries to tempt me
He brings me down to where I cannot see
A strong mighty Hand lifts the veil from my eyes
Then God speaks to me, and my faith begins to rise
The Lord keeps me in His care, gives me a strength
So all my burdens I can bare

Chorus:

You are there in my hard times, whenever I'm in need
Promised new life for the broken, life more abundantly
When I cannot find my way, and I don't understand
That's when you come and take my hand
