

The Missing Piece
written by Victoria Bowlin

Verse 1:

My life was so empty, I felt all alone
I couldn't seem to figure out what in the world was wrong
Then I heard a preacher preachin' about what the Lord had done
My eyes were then opened up and a new life had begun

Chorus:

The void in my life is gone, it's been traded for a brand new song
God came into my life, took away the pain and the strife
Well He turned me around, put me on solid ground, now I've got a peace deep within
The joy in my heart sets me apart now that I've found my missing piece

Verse 2:

The pain and suffering that I'd been through couldn't hold me down
Oh no, it was no match for the peace that I had found
My life was changed and rearranged the day I let God in
Now I can't help but shout it out and sing it over again

Chorus:

The void in my life is gone, it's been traded for a brand new song
God came into my life, took away the pain and the strife
Well He turned me around, put me on solid ground, now I've got a peace deep within
The joy in my heart sets me apart now that I've found my missing piece

Bridge:

I have found my missing piece, my missing piece is You
I have found my missing piece, my missing piece is You
I have found my missing piece, my missing piece is You
I have found my missing piece, my missing piece is You

Chorus:

The void in my life is gone, it's been traded for a brand new song
God came into my life, took away the pain and the strife
Well He turned me around, put me on solid ground, now I've got a peace deep within
The joy in my heart sets me apart now that I've found my missing piece
